

Exhibit No. 1Date 1-17-2011Bill No. SB 145**DOR ARM activity in 2009-2010 Interim**

MAR Notice No. 42-2-856, adoption and amendment of rules relating to property taxes, as found in Chapter 21, Title 42, Administrative Rules of Montana. **Will be adopted 1/18/11**

42.21.158 PROPERTY REPORTING REQUIREMENTS (1) ~~Taxpayers~~ A taxpayer having property in the state of Montana on January 1 of each tax year, must complete the statement as provided in 15-8-301, MCA.

MAR Notice No. 42-2-854, amendment of rules relating to the valuation methods for commercial properties, as found in Chapter 20, Title 42, Administrative Rules of Montana. **Will be adopted 1/18/11**

MAR Notice No. 42-2-853, amendment of rules relating to property taxes and the trend tables for valuing property, as found in Chapter 21, Title 42, Administrative Rules of Montana. **Adopted and effective 12/24/10**

No comments were received at or subsequent to the hearing; however, the department further amends ARM 42.21. [Question: at what point can a department further amend a rule without notice and hearing?]

MAR Notice No. 42-2-849, adoption of rules relating to rental vehicle sales and use tax, as found in Chapter 14, Title 42, Administrative Rules of Montana. **Adopted and effective 11/27/10**
All new rules not implementing legislation.

MAR Notice No. 42-2-848, adoption, amendment, amendment and transfer and repeal of rules relating to lodging facility use taxes and sales taxes, as found in Chapter 14, Title 42, Administrative Rules of Montana. Adopted and effective 11/27/10

Opponents all expressed concern that the department is improperly expanding the tax base, including internet intermediaries, for the lodging facility/lodging facility sales and use tax. Opponents also specifically commented that the proposed rules appear to run counter to legislative policy and should not be adopted.

DOR response:

"The rules do not expand the tax base and/or target internet intermediaries or change their tax responsibilities. The rules explain current practice and alert those entities who have a responsibility to collect and remit the lodging facility/lodging facility sales and use tax to the department.

"The effective date of the rules is the date after publication by the Secretary of State per the Montana Administrative Procedure Act (MAPA). The department believes there is no need for

a separate or different effective date from the MAPA date because these rules describe how the department has administered these two taxes since the implementation of Title 15, Chapter 68, MCA. In implementing the Sales Tax in 2003, the department combined both Chapters 65 and 68 of Title 15, MCA, into one tax return that provided the owner/operator or seller to manage the collection of the tax from the user as one tax, thus simplifying their reporting requirements.

"The department interprets retroactive rules as the changing of a certain practice to periods that have already passed. The rules are not retroactive as the rules describe current and past practice and according to MAPA rules can only apply prospectively without specific statutory authority granting retroactive applicability.

"In response to the question of whether the rules would apply to travel agents or businesses that are not owners or operators of hotel facilities, the new rules would not require any new filings or additional administrative burdens for the travel agencies. The rules do not change the department's established practices with regard to the travel agencies as commonly understood.

"In response to the adoption of the rules, the department believes there is no reason to delay the implementation of the rules as the rules clearly state the entities' responsibilities for collecting and remitting lodging facility sales and use taxes. "

MAR Notice No. 42-2-846, adoption and amendment of rules relating to centrally assessed property, as found in Chapter 22, Title 42, Administrative Rules of Montana. Oral and written testimony was received at the hearing and additional written comments were received prior to December 3, 2010, which was the date set for close of comment. See the "Hearing" section for the department rules to review the full text of the rules. Adopted and effective 12/24/10

(Change of Definitions)

(10) "Goodwill" means booked or accounting goodwill. The booked goodwill must be present on the subject properties' financial statements, and must have been created through the purchase price accounting process as defined by GAAP or other accounting authority.

(10) remains the same but is renumbered (11).

(12) "Intangible personal property" has the following attributes:

(a) Intangible personal property must be separable from the other assets in the unit and capable of being held under separate title or ownership.

(b) Intangible personal property must be able to be bought and sold, separate from the unit of operating assets, without causing harm, destroying, or otherwise impairing the value of the unit of assets being valued through the appraisal process.

(c) Intangible personal property must have value as a result of its ability to create earnings that exceeds their contributory value to the unit; or, it must be capable of earning an income as a standalone entity or apart from the other assets of the unit.

(d) Intangible personal property is not the same as intangible value. Intangible value is the value of an entity as a going concern - its ability to make excess revenues over the normal rate of return. Intangible value is part of the overall value of assets. Intangible value is not exempt from property taxation in Montana.

(11) through (32) remain the same but are renumbered (13) through (34).

REASONABLE NECESSITY: The department is proposing to amend ARM 42.22.101 to add the definition of "goodwill" and "intangible personal property", both key in instructing the taxpayer on what is included in the taxable value and what is not. The department has had numerous requests from taxpayers and taxpayer organizations to provide clarity in this area. These definitions constitute the practice of the department in valuing centrally assessed properties and provide the requested clarity that taxpayers and taxpayer organizations have asked for.

42.22.105 REPORTING REQUIREMENTS (1) Each year all centrally assessed companies shall submit to the department a report of operations, called the centrally assessed annual reporting form, for the preceding year. Railroads, railroad car companies, and pipelines shall submit the report by April 15 and all others by March 31, on forms supplied by the department.

42.22.110 DEDUCTIONS FOR INTANGIBLE PERSONAL PROPERTY

(1) Cost, income, and market indicators of the unit value of centrally assessed properties can generally be expected to include the value of real property, the value of personal property, and in some cases the value of specific intangible personal property. To the extent that each unit valuation indicator includes the value of intangible personal property it shall not be relied upon unless such value of the intangible personal property is excluded or removed.

(2) The department recognizes that the following percentages may not necessarily provide a taxpayer-specific measurement of intangible personal property. However, accurately quantifying the value of intangible personal property is difficult and subject to controversy and litigation which would not clarify the issues for future appraisals. The percentages are a good faith effort to comply with the rulemaking requirements of 15-6-218, MCA, in a manner that is timely and efficient for both the taxpayers and the department.

(SEVERAL ITEMS LISTED IN ORIGINAL DOCUMENT)

(2)(3) If any taxpayer believes that the value of its intangible personal property is greater than that allowed under (1)(2), the taxpayer may propose alternative methodology or information at any time during the appraisal process and the department will give it full and fair consideration. If the department concludes that the value of intangible personal property is greater than that allowed in (1)(2), the unit value will be decreased accordingly. In no event, however, will the value of intangible personal property be less than that allowed in(1)(2).

(3) The department and taxpayers will participate in the review of the percentages in (1)(a), (b) or (c), biennially starting in the year 2000.

(4) In order for intangible personal property to be considered for a deduction higher than the default percentage prescribed in (2), the property must have the characteristics of intangible personal property as defined above.

(5) A taxpayer may, at any time, make recommendations to the department, regarding the percentages in (2)(a), (b), or (c).

MAR Notice No. 42-2-834, adoption and amendment of rules relating to centrally assessed appraiser certification requirements, as found in Chapter 22, Title 42, Administrative Rules of Montana. Adopted and effective 9/24/10

Montana Taxpayers Association (MTA) opposed utilizing the WSATA-CCAP School as a requirement for unit valuation or centrally assessed appraisers. MTA noted the lack of inclusion of industry in the initial discussion and the department's unwillingness to accept meaningful changes to the text. MTA also stated these courses were not an appropriate use of taxpayer dollars for training department employees' whose job is to find fair market value. MTA suggested they consider an alternative school such as Wichita.

MAR Notice No. 42-2-832, amendment of rules relating to confidentiality of tax records, as found in Chapter 2, Title 42, Administrative Rules of Montana. Adopted and effective 11/27/10

MAR Notice No. 42-2-828, adoption of rule relating to value before reappraisal for 2009 agricultural land, as found in Chapter 20, Title 42, Administrative Rules of Montana. Adopted and effective 6/11/10

NEW RULE I CORRECTION OF VALUE BEFORE REAPPRAISAL (VBR)
FOR 2009 AGRICULTURAL LAND (1)

Mr. Dale Hawks, Chester, Montana testified that he does not believe the rule is necessary at this time, due to the fact that there are already administrative rules in place to deal with increases in valuation from prior reappraisal cycles.

Mr. Hawks further stated if the department feels they must move forward with this action, he feels that the rule is incomplete because it only takes into account "productivity-only changes" as it relates to correction of the VBR. He stated that there is a broader picture to consider. If the proposed rule is left as is, it will remove a vast majority of parcels of agricultural land from any meaningful phase-in of their increase in value.

Mr. Hawks stated that if the department continues forward with the position that any "change in use: or "change in size" would require a recalculated VBR for phase-in purposes, the those parcels of land that in reality didn't have either size or use changes, would be removed from any meaningful phase-in of increased valuation.

MAR Notice No. 42-2-824, amendment of rules relating to property tax assessment reviews, as found in Chapter 20, Title 42, Administrative Rules of Montana. **Adopted and effective 5/14/10**

[it is our understanding this changes the department's prior practice of looking at corrections throughout the cycle.]

NEW RULE I EXTENSION OF STATUTORY DEADLINE FOR ASSESSMENT REVIEWS(1) For tax year 2010, the department will accept requests for informal assessment reviews for classes three, four, and ten.

REASONABLE NECESSITY:The department is not required to mail a notice after the first year of a reappraisal cycle as stated in 15-7-102(1)(b), MCA. Tax year 2010 is the second year of the current reappraisal cycle. In the past the department has accepted AB-26 requests for informal reviews annually through the 1st Monday in June. The department has determined, based upon a review of the statutes that govern informal reviews that this practice does not comport with law. However, because the department has received and accepted AB-26 requests for information reviews for tax year 2010, and taxpayers have relied on the department's past practice, the department has determined that it will accept AB-26 requests for informal reviews for tax year 2010 until June 30, 2010.
